CONTEMPORARY SIDE TABLES

The Eileen Side Table is more than just a classic occasional table with beautiful contemporary lines. This side table can be adjusted from a height of around 2 feet to just over 3 feet, depending on your needs. With its low-profile open front base it could slide easily under your favorite chair or sectional to become a surface for your laptop. Raised to the 3 foot level or anywhere in between, it's perfect beside your sofa, accent chairs or even your bed!
