The Hilton Modern Sleeper Sofa is a perfect combination of Scandinavian quality, modern style, and comfort! With a clever mechanism, the Hilton Convertible Sofa transforms into a very comfortable queen bed. Convenient, it can also be used as a single twin bed on both seats, at the same time the other one can be used as a regular sofa. The sofa itself is actually comprised of two independent memory foam mattresses. Its framework is strong and built to last from sustainable manufacturing processes. The Hilton also features two adjustable headrests.

Also available in King, Full and Cot sizes.
