Contemporary Beds

The Flo bed is beautifully modern yet luxurious, immediately bringing an aura of elegance and class to your bedroom. The headboard is constructed of durable stainless steel which brings in a contemporary feel and is inlaid with white eco-leather crisscrossed with a sophisticated stitching pattern that is subtle yet unique, weaving in a touch of luxury into the otherwise clean, modern look. The rest of the bed, too, is wrapped in white leatherette, pulling together the overall elegant aesthetic of the bed beautifully.
